

CLOSED COLLECTION TOILET ROLL HOLDER

Extra information

LooX has an elegant series of toilet roll holders. The LooX stainless steel toilet roll holders have a stylish feel and can be perfectly combined with the other stainless steel fitted units of LooX.

Nice detail: the toilet roll holder is also available in combination with the integrated stainless steel **toilet brush holder**. With this combination, both the toilet roll holder and the toilet brush are neatly hidden away. This robust combination is available in stainless steel and in a tileable version.
